includes airfare

## Can we bring our Children?

No, Children are not allowed

## How does a distributor earn a trip for two?

By growing their business by \$60K US/\$80K CDN in shipments in 2023.

**What happens if I don't grow \$60K US/\$80K CDN? Will I still be able to go?**

Maybe. We are committed to a number of cabins, and if there is some available after the qualification period, AND you earn 50% of your growth goal (\$30K US/\$40K CDN) you can buy the balance of the trip on a prorated bases.

**If I grow twice the amount, can I bring more people?**

Absolutely! \$120K US/\$160K CDN = 2 cabins

**What if our company qualifies and no one can take the trip?**

Unfortunately, this trip cannot be used for future trips or credit. We have financially committed to the cabin. We can try to sell your trip for a cash value, but this is not guaranteed.

**If our company earns the trip, can I bring/send anyone I want?**

Not anyone. If that person is in the business, contributing to Eurofase growth, then they are welcome.

**Can I just buy a trip?**

Probably not. We anticipate all cabins will be filled. However, if we do have any cancellations or rooms, you may have that option.

**When do I need to sign up to begin earning my way?**

We would suggest as soon as possible, we anticipate that this will be a popular event and we will be limited to the number of cabins that are available. However, sign-up must happen before February 28, 2023.

Any other questions you have, please contact James Ashely at [James@eurofase.com](mailto:James@eurofase.com) or Linda Winterseller at [Linda.Wintersteller@eurofase.com](mailto:Linda.Wintersteller@eurofase.com)

**Am I still obligated to go if I sign up and don't meet the qualifications?**

No.

**Can a sales agency go?**

Yes. See James Ashley for details.

**What products count towards reaching the growth goal?**

All Decor, Fase1 and Innova products count towards your goal with the exception of DSC and Closeouts items.

**What if my customer grows \$60K US/\$80K CDN but did not register, do they qualify?**

No. The customer must register to qualify.

**What if my customer registers in April and grows by \$60K US/\$80K CDN, do they qualify?**

Probably not, because those that did register on time that will qualify will consume any available cabins. You can prevent this awkward situation by making sure your customers register by the deadline of February 28, 2023.

**What if I have a new account in July and they do \$60K US/\$80K CDN, do they qualify?**

Maybe, if there is availability of cabins and you register the account at the same time they are opened.
