FREDRICK RAMOND

GALLERY-WORTHY DESIGN INSPIRED BY NATURAL ARTISTRY

Artfully crafted lighting with exceptional aesthetics; Fredrick Ramond has conceived of statement-making fixtures with luxurious finishes. Each design family celebrates an open-minded modernity and natural forms enhanced by unique details and enchanting glass.

EVE 2016

PG. 172

Glamorous, organically inspired silhouettes and natural materials are adorned with hand-touched details. **EVE's** ornate, craftsman-forged stems are embellished with whimsical faceted crystal buds on Champaigne Gold vines.

AGAVE 2022

PG. 100

Embracing botanical elegance, **AGAVE's** layered hand-sculpted leaves in Burnished Gold make a striking statement of luxury and refinement.

VELETA 2024

PG. 64

Inspired by snowy mountain peaks, **VELETA**, combines dramatic, geometry in Lacquered Brass with the natural beauty of alabaster, showcasing its unique organic variations.

As we introduce our latest designs among a new era of lighting innovation and craftsmanship, **we are preparing for a transformation.** A bold evolution is on the horizon—one that will redefine our approach and unveil something entirely new. Stay tuned for what's to come.
